The compact CenterLine 220 is designed to let you profit from GPS lightbar guidance with any field operation. Inside the compact guidance system is a high-quality EGNOS GPS receiver and the guidance capabilities that make TeeJet Technologies leaders in lightbar guidance.

**CenterLine 220 Features and Benefits**

- Versatile GPS guidance in a compact, portable package
- LED Lightbar guidance plus a graphical display for complete guidance information
- High-quality, 5 Hz internal GPS engine with external antenna
- Simple setup gets you up and running in no time
- Straight-line and curved AB guidance modes
- Integrated look-ahead functionality anticipates vehicle’s future position
- Return-to-point feature
- Durable, backlit keypad is easy to see in low-light conditions
- Provides RADAR-like speed signal output for use with other control systems that require a ground speed signal

**Working Screen Layout**
